CIURCULAR

Sub: - changes proposed in Online Examination Software for MS-CIT Exam June 2010 Event.

Ref:- MSBTE circular No. MSBTE / D-70/ MSCIT/2010/ 2478 Dt. 19 May 2010

With reference to above mentioned subject and circular under reference, MSBTE has decided to make following changes in Online Examination Software for MS-CIT Exam from June 2010 examination event. Consequently the Procedure to be followed for due rescheduling as per the circular under reference is given below

1. If the Learner remains absent for his scheduled slot, he should not be allowed to appear again during that examination event. Result of such students should be updated as Absent on MS-CIT web site. (Any contrivance to this instruction by any Examination Center or By Local controller of examination shall be seriously viewed and shall be liable for action against them.)

2. There will be a new facility available in the software which will allow the controller of the examination to **reallocate** the Learner to some other slot; provided the learner requests for rescheduling to Local controller of examination center along with the copies of valid documents before commencement of his scheduled slot of examination. This facility will be available in the software under Tools Menu on the Controllers Control Panel.

Following are the details of this facility:

If learner approaches the Exam Center for rescheduling purpose, he will be given different date of examination of his choice which is in the schedule of examination declared by MSBTE. This new slot shall be generated for him at 17:30 Hrs (5.30 pm) only on the date of his choice which is within the Exam Schedule. No other regular slot will be allotted to him. The learner so rescheduled must remain present at that slot otherwise he will be considered as Absent.

In this case learner's original slot will be updated with the new date and time. When learners result is updated on the MS-CIT web site it will be displayed with new date and time of examination along with his result.

MS-CIT Online Examination Software will give a new report of **Reallocated** Learners. It should be

noted that; for every reallocated student there must be a proof (Copies of documents as mentioned in circular Dt. 19 th May 2010) attached and sent to MSBTE for result validation.

All those concerned with MS-CIT Examinations particularly the Learners their parents, ALCs, Examination center coordinators, Local controllers of Examinations are requested to take note of this circular and follow the circular in letter and spirit.
